# Midea Split Hot Water Heat Pump 200L

Effortlessly Save on Energy with Midea Heat Pump: Tap into the power of the air to heat your water efficiently. Midea's advanced heat pump technology reduces energy usage by up to 65%, ensuring reliable hot water day and night.

- Highly Efficient
- Tank-Wrapped Condenser Coil
- Auto Disinfection
- Built in Frost Protection
- Wide Operating Range
- Low Operating Noise
- App Control

PRODUCT SPECIFICATIONS	
Color Temperature	IP24
CRI	3 Years Manufacturer Warranty
Light Efficiency	220-240 V
Lumens	1000W
Power Factor	-15°C to 46°C
Input-voltage-(V)	200L

MODEL INFORMATION	
Model	MHW-F26WN3-C/MT-200R26E20
Refrigerant Type	R134a
Noise Level (Sound Pressure)	54 dBA
Relief valve pressure (kPa)	1000
Heating Capacity (Heat Pump)	2600W
Cylinder Type	Vitreous Enamel
